

***Strong problem solvers for craft and industry! Made in Europe.***

## ***Cordless Long neck angle milling/drilling unit LWB/A***

**For drilling, milling and polishing in tough-to-reach areas. Ideal for tile cutting!**

With a set of gears running on several ball bearings in a stable, die-cast aluminium housing head. Main housing is made of glass-fibre reinforced POLYAMIDE. With a special balanced, powerful, quiet and long-lasting DC motor. Infinitely variable rpm (full wave electronics). With MICROMOT hardened steel collets (1.0 - 1.5 - 2.0 - 2.4 - 3.0 and 3.2mm).

Storage case of high-grade polypropylene. Attractive design, very sturdy and large enough to put the machine back in the case after completing work, without having to "fumble". A label on the side identifies the contents.

### **Technical data:**

10.8V. 5.000 – 16.000rpm. Length 320mm. Weight 800g.

**NO 29 805**

See us on YouTube!

The LWB/A comes safely packed in a practical, attractive and super-sturdy plastic case made from high-quality PP. A product label on the side of the case details its contents.

#### **Cordless Long neck angle milling/drilling unit LWB/A, individually**

As described above, with 6 MICROMOT steel collets. But without battery, rapid charger and without bits and cutters. Packed in a cardboard box.

#### **NO 29 807**

- High quality 10.8V lithium-ion battery with 2.5Ah for a performance comparable to the mains-powered counterpart.
- One battery charge allows for at least 30 minutes of use even at maximum power. No other cordless tool lasts longer in this class!
- Gear head of die-cast aluminium. Main housing of glass-fibre reinforced POLYAMIDE with soft component in grip area.
- With continuously variable speed control and special balanced DC motor: powerful, quiet and durable.

#### **Practical:**

The flat end cap of the battery enables the tools to stand upright as well.

***The MICROMOT lithium-ion battery system: Strong problem solvers for craft and industry.***

***One battery and one rapid charger only for now already eleven professional tools:***

***Eleven power tools - one system!***

**Rapid battery charger LG/A2**

Charges the PROXXON lithium-ion battery Li/A2 in one hour. With integrated temperature control. LED signal light: Yellow = charging, Green = charged.

**Technical data:**

Input 100 - 240V, 50/60Hz. Output 12.6V, 2A. Weight approx. 340g.

**NO 29 880**

**Lithium-ion battery Li/A2**

For long and durable powerful operation of our MICROMOT cordless tools. With integrated temperature control for safe operation.

**Technical data:**

Voltage 10.8V. Capacity 2.5Ah. Length 85mm. Weight 180g.

**NO 29 896**
