

***Strong problem solvers for craft and industry! With gear head of die-cast aluminium. Made in Europe.***

## ***Cordless belt sander BS/A***

**For grinding of small openings, finishing of moulds, surfaces, radii, grooving, deburring and chamfering of precision parts.**

With variable electronic speed control. The head rotates through 60° at the touch of a button. Suction connection with vacuum cleaner adapter enables clean working. Complete with 4 sanding belts (2 pieces each grit 80 and grit 180). Safely stored in an attractive and extremely stable plastic case. Set includes BS/A, lithium-ion battery Li/A2 (10.8V) and rapid battery charger LG/A2.

The BS/A is top-quality and his performance is comparable to our mains-powered counterparts. For outdoor jobs or if an extension lead needs to be used, this tool is very utile.

### **Technical data:**

10.8V. Sanding belt 10 x 330mm (usable sanding area 10 x 110mm). Sanding speed 200 - 700m/min. Length 380mm. Weight approx. 900g (including battery).

**NO 29 810**

See us on YouTube!

The BS/A comes safely packed in a practical, attractive and super-sturdy plastic case made from high-quality PP. A product label on the side of the case details its contents .

**Cordless belt sander BS/A, available individually**

As described above, with 4 sanding belts. But without battery and rapid charger. Packed in a cardboard box.

**NO 29 812**

**Replacement belts for BS/A**

Corundum on tear-resistant, woven backing. Sands metal, nonferrous metals, wood and plastics efficiently. 10 x 330mm.

- NO 28 583                      80 grit    5 pieces
- NO 28 582                      120 grit  5 pieces
- NO 28 581                      180 grit  5 pieces

**Identical with the foregoing item**, but with burrs made from silicon carbide for grinding and de-burring of glass and ceramics. Also suitable for grinding brass, steel and cast iron.

- NO 28 579                      180 grit    5 pieces

Video BS/A

- High quality 10.8V lithium-ion battery with 2.5Ah for a performance comparable to the mains-powered counterpart.
- One battery charge allows for at least 30 minutes of use even at maximum power. No other cordless tool lasts longer in this class!
- Gear head of die-cast aluminium. Main housing of glass-fibre reinforced POLYAMIDE with soft component in grip area.
- With continuously variable speed control and special balanced DC motor: powerful, quiet and durable.

**Practical:**

The flat end cap of the battery enables the tools to stand upright as well.

**The MICROMOT lithium-ion battery system: Strong problem solvers for craft and industry.  
One battery and one rapid charger only for now already eleven professional tools:**

**Eleven power tools - one system!**

**Rapid battery charger LG/A2**

Charges the PROXXON lithium-ion battery Li/A2 in one hour. With integrated temperature control. LED signal light: Yellow = charging, Green = charged.

**Technical data:**

Input 100 - 240V, 50/60Hz. Output 12.6V, 2A. Weight approx. 340g.

**NO 29 880**

**Lithium-ion battery Li/A2**

For long and durable powerful operation of our MICROMOT cordless tools. With integrated temperature control for safe operation.

**Technical data:**

Voltage 10.8V. Capacity 2.5Ah. Length 85mm. Weight 180g.

**NO 29 896**
