Includes a steel brush (50 mm), an additional handle for stable guidance of tool, lithium-ion battery Li/A2 and rapid battery charger LG/A2.

#### **Technical data:**

10.8V. 2.6Ah. 1,500 - 4,200/min. Length 290mm. Weight 970g (incl. battery).

**NO 29 850**

See us on YouTube!

The cordless industrial straight grinder IGS/A is supplied in a storage case of high-grade polypropylene. A label on the side identifies the content.

### Cordless industrial straight grinder IGS/A

Including accessories as described above, but without battery and rapid charger. Packed in a cardboard box. Ideal for use in the Basic set LBX/A for cordless tools.

### NO 29 852

- High quality 10.8V lithium-ion battery with 2.6Ah for a performance comparable to the mains-powered counterpart.
- One battery charge allows for at least 30 minutes of use even at maximum power. No other cordless tool lasts longer in this class!
- Gear head of die-cast aluminium. Main housing of glass-fibre reinforced POLYAMIDE with soft component in grip area.
- With continuously variable speed control and special balanced DC motor: powerful, quiet and durable.

### Practical:

The flat end cap of the battery enables upright positioning.

**The MICROMOT lithium-ion battery system: Strong problem solvers for craft and industry.  
One battery and one rapid charger only for now already eleven professional tools:**

**Eleven power tools - one system!**

**Rapid battery charger LG/A2**

Charges the PROXXON lithium-ion battery Li/A2 in one hour. With integrated temperature control. LED signal light: Yellow = charging, Green = charged.

**Technical data:**

Input 100 - 240V, 50/60Hz. Output 12.6V, 2A. Weight approx. 340g.

**NO 29 880**

**Lithium-ion battery Li/A2**

For long and durable powerful operation of our MICROMOT cordless tools. With integrated temperature control for safe operation.

**Technical data:**

Voltage 10.8V. Capacity 2.6Ah. Length 85mm. Weight 180g.

**NO 29 896**
