

New accessories for milling machines.

Eccentric clamping fixture ES 70

For compound tables KT 70 and KT 230. For quick and strong clamping, even of larger workpieces.

Ideal for series machining and full utilisation of the compound table. Vertical and horizontal prisms for round material. Replaceable clamping jaws. Eccentric stroke 1.5 mm. Jaw width 70 mm. Jaw height 15 mm. Including matching T-nuts and screws.

NO 24 270

Note:

The compound table is not included in the scope of delivery.

Splash guard and chip collecting tray

For milling machines MF 70 and FF 230.

Made of 1.5mm thick sheet steel, powder-coated. Secure stand due to drill holes (hole centre distance 274 mm) for fastening to a work surface (the use of steel sleeves keeps the tray tightly sealed). Measurements: L 388, W 308, H 24 mm.

NO 24 116

Note:

The milling machine MF 70 is not included in the scope of delivery.
